CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA. TUESDAY, OCTOBER 19, 1920

SPECIAL CONVENTION CALLED FOR PITTSBURGH DISTRICT MINERS

Nominate Candidates for District Officers at December Meeting

AGAINST LEAGUE OF NATIONS

The regular meeting of the Charleroi Local Union, 593 U. M. W. of A., held in the Italian Hall, Eighth street, Monday evening, October 18, took up the nomination of District Officers, to be voted for December 14, 1920.

The following men were nominated:

For District President, Michael Halapay

For Vice President, W. J. Henderson

For Secretary Treasurer, Thomas Myerough

For Inter-National Board Member, F. M. A. Guiler.

Board Member of District 4, of District 5, Andrew Honick

A great deal of dissatisfaction prevails among the Members, owing to the fact, that the district officials have denied the right of the members of the Union to call a special convention, after the Local Unions, have appealed to them with more than the required number than the Constitution demands, and independent of the Constitutional requirements, a special committee was sent to the District Office to ask in person, that they call a special convention and they were refused.

Latest reports have it, that a special-convention has been called to meet in Pittsburgh, November 3, 4 and 5 to enforce the constitutional rights of the Members, and to take action against the District Officials, for their open violation of the Constitution, and the flagrant abuse of power, a power that has had no equal in this historic fighting District.

A remarkable state of affairs exists among the members throughout the district, against the present Officials, for it is a fact that the present Vice-President, Mr. Fagan was defeated in his own local for the nomination, and the only vote that President Gibbons received last night at the Charleroi Local, was given to him by the Inter-National Organizer.

Whereas delegates, representing thousands of miners in the Pittsburgh District, in special meeting assembled, adopt the following resolutions:

WHEREAS: The spirit of imperialism is a potential factor in world affairs, vitally affecting the interests of the workers, each nation or a group of nations striving by aggressive measures to secure advantages over others in warfare;

WHEREAS: Imperialism as a national concept has always been the cause of war, for it seeks by its own power to subjugate and tyrannize over the weak, and thus extend its dominions;

WHEREAS: The so called League of Nations was conceived and formed by avowed imperialists for the purpose of protecting one another in

JUDGE REFUSES TO EXCUSE AN INSPECTOR

Taking the position that it is as much a citizen's duty to serve on an election board as in the Army, Judge George S. Criswell, of Venango county, on Monday refused to accept the resignation of an inspector who said he must work elsewhere election day. The inspector was one of the 120 recently named by Judge Criswell without consulting the appointees, when new election districts were created on account of women voting.

VOTE EARLY AND PREVENT CONGESTION

People generally vote "when they please," disregarding all requests to assist in making the work of the election board easier. Many men go to work in the morning before the polls are open and get home late, so that often there is a possibility of their not being able to get a vote. Often they see men in line who could have voted before noon, and thus saved a rush at the last minute, and becoming disgusted leave and go home without casting a ballot. Now that the women will vote for the first time on November 2, it is more imperative than ever that those who can should feel it their duty to turn out early. Polling places are few enough in Charleroi and any congestion at the election place can be avoided by all those who are in position to do so to vote early, allowing those who do not get home early an opportunity to cast their vote. The situation can be greatly helped by a little thoughtfulness on the part of those who can visit the polls early.

the possession of the land that they grabbed up prior to and during the late war, and in exacting terrible indemnities from the Governments who have been defeated and humbled, and whose workers must groan under this burden for ages to come:

WHEREAS: We as American workers took part in the late World War from purely altruistic purposes we were lead to believe that we were fighting to make the world safe for democracy by crushing militarism the most defiant and aggressive in the world;

THEREFORE: We are opposed to the League of Nations or any other League that would draw us into an entangling alliance with imperialism, land grabbing Governments, to whose whims and wiles United States would be subservient and at whose call our country would have to engage in wars, however unjust.

TRUCK HITS MAN AT SPEEDS CROSSING

The railroad crossing at Speeds has been the scene of many accidents, many of them fatal, but one occurred last week in which an auto truck ran down a railroad workman and seriously injured him. Last Tuesday morning, after the 9:04 train had passed, Sam Glick of Arnold City, coming down the approach passed a coal truck on the left side and getting on the railroad crossing struck some loose boards which workmen had placed at that point to make repairs. The truck hit and knocked down Fred Fisher of Coal Centre, one of the section hands and then ran over him. Fisher was picked up, bleeding profusely and carried into the station, where physicians found that his shoulder had been dislocated but with no bones broken. After being fixed up he was sent to his home. Glick claimed that his brakes would not work.

MAKE AN IMPORTANT ARREST IN MONESSEN

Clothing, jewelry, silverware and other articles of value worth over \$3,000 were recovered in Monessen on Friday last by Pittsburgh detectives and local police. The articles had been stolen in down town Pittsburgh department stores and shipped to Monessen to be sold.

For several weeks the police of Pittsburgh have been investigating an alleged "shiplifting" ring said to have been operating in various big department stores, and about a week ago arrested Thomas Foster, aged 27, colored, of Pittsburgh, who formerly resided in Monessen. His brother and his wife were arrested at the same time, but it was later proved that the wife was away from home for some time and was not implicated in the thefts.

On Friday the detectives arrived in Monessen and arrested Gladys Foster, aged 20, a sister of the prisoner, charging her with being implicated in the thefts. She was located in a house on an alley between Schoonmaker and Donner avenues, near Fifth street and was taken to Pittsburgh. While in Monessen the police discovered that large quantities of the stolen goods had been disposed of to various pawn shops, second hand stores and individuals and a general clean-up of all places under suspicion was made with the result that over \$3,000 worth of goods were recovered.

FAMOUS ARTIST TO APPEAR IN RECITAL

Madame Odette LeFontenay, the famous dramatic soprano, whose beautiful voice and finished artistry have charmed the music lovers of several continents, will be heard in a song recital at the high school auditorium, next Thursday evening at 8:15 o'clock. Madame LeFontenay's appearance here will undoubtedly prove to be the musical event of the season and has been made possible through the business enterprise of W. B. Pfelehardt, the local representative of the Edison talking machine. She will be assisted by Mr. Raymond Barry a pianist of high repute, as well as by Mr. Thomas A. Edison's three-million dollar phonograph. Admission, which is free, will be by ticket, which may be procured at Mr. Pfelehardt's store, on Fallowfield avenue, as long as seats are available.

STRIKE HEAVY FLOW IN BIG INJUN SAND

Drillers at the Turkey Hollow Oil and Gas company's second well on the W. S. Martin lease, below Monessen, struck a big pocket of gas one day last week, at a depth of 1,600 feet in the Big Injun sand. The drillers were forced to suspend operations owing to the heavy pressure, and it was with difficulty it was gotten under control and finally turned into the lines of the Peoples Gas company. The pressure registered over 2,100,000 cubic feet. Drilling at the well will cease for the time being and if the pressure holds up no other operations will be attempted, but if it diminishes drilling will continue until the Elizabeth sand is reached. The company brought in a well several months ago, which was turned into the lines of the Peoples company, and is still producing a great amount of gas.

ENGLISH LORD PAYS VISIT TO LOCAL MILL

The Pittsburgh Steel Products company entertained a distinguished visitor last week in the person of Lord Stopford, of London, a member of the British nobility, who was making a hurried visit to this country. In company with Mr. Belham, London representative of the Baldwin Locomotive Works, the Englishman came to this country about ten days ago and last week visited the plants of the Pittsburgh Steel Products company both at Monessen and Alianport. His lordship was highly pleased with what he saw in both plants and asked many questions about the process of manufacture.

A RIVER BRIDGE AT MASTONTOWN ADVOCATED

Fayette and Greene county commissioners may meet in the near future to consider plans for the creation of a bridge over the Monongahela river at Mastontown. It is likely that a conference may be arranged for early in November and the situation discussed. Sentiment in favor of the bridge is being sounded by the road supervisors of both counties.

PACKERS LOSE OUT TO THE HOOP POLES

The schedule in the Elks bowling league was resumed last night after the week end rest, the "Hoop Poles" hooking up with the "Packers". In the absence of Capt. Bob Hess, who is away on a hunting trip, Hawkins Crawford led their oop-poles, securing the services of John Monier who has been acting in the capacity of a substitute. When the smoke of battle cleared away it was found that the long boys had cleaned up the "stockyard" outfit by two games to three. Hall bowled a nice game for the winners, while Williamson rolled well for the Packers.

Tonight the "Champs" play the "Misfits," introducing Capt. Kuhn of the "Champs" and Capt. Brown of the "Misfits." Last night's score:

JAPS IN AMERICA

A Tokio correspondent of the Associated Press gives the following interesting summary of the sentiment in Japan on the California anti-Japanese measures: There is genuine apprehension lest exclusion movements follow elsewhere, especially in the British dominions. The Japs complain that Americans confuse the effort to protect acquired Japanese rights in California with the not involved general question of immigration. The Japs regard war over the matter as "impossible" but consider a harmful estrangement "within the range of possibility." The Japs contend that if the Japanese question in California be left alone it will settle itself, because when the present settlers who can not be naturalized die or return to Japan only their legal American posterity will remain and these in the course of time will be assimilated.

This expectation that the children or grandchildren of the Japs now in California will be "assimilated" has but a flimsy basis if any at all. In former times this argument was addressed by some Northern sentimentalists to the South in regard to the negro, but of course it fell upon deaf ears. Nature itself abhors the proposition. Doves do not mate with robins and the grand divisions of the human race will remain distinct, except in a few abnormal individual instances. The impossibility of assimilation is the most serious part of the Pacific coast's Japanese problem. In this connection Wallace Irwin's serial novel, "Seed of the Sun," evidently written after a careful study of Jap settlements in California, promises to be informing as well as interesting.

SHOULD BE STOPPED

There is a slight tendency to rowdiness manifested at the local foot ball games which must be stopped. In justice to local school officials and students, it must be said that this can in no way be attributed to them, but rather to the overzealousness of some of the local patrons. Superintendent Pollock, together with every member of the foot ball squad, as well as those identified with sports in whatever capacity in the local schools, are determined to conduct all the athletic activities on a plane of clean sportsmanship, and to that end ask the support of all frequenters of the game. The fair name of the Charleroi schools, which have ever stood for all that is best in athletics, notwithstanding outside claims to the contrary, has been sullied more than once by the indiscreet actions of a few followers of the game, and Charleroi schools have been compelled to bear the onus of this unjust criticism. These things should not be, and a cure can be readily effected by a little thoughtfulness on the part of these bi-partisan patrons. One thing is certain, misconduct on the part of anyone at the games of the Charleroi schools will not be tolerated. The fact that a person purchases a ticket of admission to any game does not carry with it the right to vilify the officials who serve at these games. At last Saturday's game, Referee Ashe was made the butt of revile of some of these thoughtless persons, simply because he had the courage to do his duty as he saw it. Even the local players, who were responsible for the penalties enacted, admitted that Referee Ashe was right, and that he was fully justified in what he did. Let all patrons of the game get together so to speak, eliminate all tendencies to rowdiness, and give our most ardent support to the school authorities in their efforts to conduct school sports in the spirit of honesty and fair dealing which characterizes their management. There is at each game a sufficient force of police under Chief Albright, who are there to preserve order, if necessary. The presence last Saturday night in the bud the display against the referee.

HUNTING SEASON ABOUT TO OPEN

The hunting season game birds opens in this state Wednesday, October 20, and will continue until December 1. A plentiful supply of grouse, some ring neck pheasants and quail are reported in various sections of the state.

The deer season will open December 1, and continue until the 15th, when the hunting season will close. Deer are reported numerous this year and rabbits are said to be exceptionally plentiful.

The rabbit season comes between the two, November 1 to December 1. Rabbits are said to be especially abundant this year in the mountains.

The bird season should be one of the best in years. Last season was an exceptionally good breeding year, it is said. Many varieties of pheasants have been seen, including the bright plumed Chinese variety. The hunters point to the fact that the state was closed to these birds two years ago.
